“Risks and Insurance of CCS”

Masayuki Kobayashi

CCUS Team Leader

Deputy Manager, Green Transformation Task Force, Commercial Lines Marketing Department

Tokio Marine Nichido Fire Insurance Co., Ltd.

Experienced in specialty insurance within energy sectors especially focusing on Upstream Energy and Offshore Wind. Served for 50+ energy projects worldwide, with the last 5 years spent dedicated to advising developers, operators and contractors in risk identification, contract risk allocation, and the placement of suitable insurance solution specializing for the industry.

From 2021, Masayuki is leading the “Green Transformation Task Force”, which is a cross functional organization within Tokio Marine Group to accelerate risk solution development to supporting clean technologies / low carbon industries including but not limited to renewables, energy storage systems, hydrogen, fuel ammonia, CCUS and carbon credit transaction.
