

## Panel Discussion

### Panelist/Short presentation

## “Financing CCUS Project”

### **Yukimi Shimura**

Director  
Planning & Development Department  
Sustainable Business Division  
MUFG Bank, Ltd.

Joined at MUFG Bank from April 2020, Yukimi is taking a role as an inhouse consultant for MUFG Bank's sustainability initiatives, especially on transition finance and innovative technologies (e.g. next-generation fuels, hydrogen, ammonia, recycling, CCUS, DAC, forestry, etc.) to assist customers in their journey to carbon neutrality. Over 15 years of experiences as a consultant for energy and environmental issues and ESG matters, Yukimi had worked with various projects related to CCUS, including studies on legal and regulatory framework. She also has extensive experiences on carbon accounting and development of GHG emission reduction calculation methodologies. Prior to joining MUFG Bank, she worked for Mitsubishi UFJ Morgan Stanley Securities, the Institute for Global Environmental Strategies and International Energy Agency.

She holds MSc. in Energy and the Environment from the University of Calgary, Canada.
